

## **REMARKS**

### **Claim Amendments**

Claims 1, 7, 11, 13 and 15 have been cancelled. Claims 2-5, 10, 12, 14, 16 and 22 have been amended. No new matter has been added as a result of the amendments made herein.

### **Rejection of Claims 1-3 and 15-23 Under 35 U.S.C § 112, First Paragraph**

The Examiner rejected Claims 1-3 and 15-23 under 35 U.S.C. § 112, First Paragraph. In addition, the Examiner objected to Claims 4-14 as dependent upon a rejected base claim, but stated that the claims would be allowable if rewritten in independent from including all of the limitations of the base claim and any intervening claims.

Claim 4 has been rewritten in independent form to include the subject matter of rejected base Claim 1. More specifically, Claim 4 now recites that the substituent on the nitrogen atoms of the poly(diallylamine) polymer is an unsubstituted normal or branched C<sub>2</sub>-C<sub>24</sub> alkyl group. As indicated by the Examiner, this claims in now allowable. Claim 4 has been further amended to recite that the polymer is crosslinked and that administration is to a mammal. All of the remaining claims depend either directly or indirectly from Claim 4. Claim 1 has been cancelled.

In view of the above amendments, the rejection is overcome. Reconsideration and withdrawal of the rejection is respectfully requested.
